CHRISTMAS OBSERVED HERE IN PROPER SPIRIT

It was a great Christmas! We'll say so! But pardon the slang, as it fittingly expresses the situation. Paris was engulfed Saturday in the spirit of Christmas—a practically eggnoggy spirit, due to the Eighteenth Amendment and the activities of the anti—and the city was fairly radiant with the joy brought by the jovial Santa Claus. Everywhere there was evidence of his generosity and the day whizzed by amid a blaze of enjoyment. It was not exactly a "quiet day" for the small boy and others of larger growth celebrated in the old-time way with the display of fireworks, despite ordinances made and provided for the purpose.

Children awoke in the morning to see their Christmas trees heavily laden with toys and candies, which brought joy to the youngsters' hearts. There were many family reunions during the day. Appropriate exercises were held at all the churches, where special musical programs were rendered. The interior of the court house was fairly alive Friday afternoon with a crowd of happy, joyous youngsters, who were there to partake of the presents placed on the Community Tree for them. The large tree, handsomely decorated, was set up in the Circuit Court room. Near it was placed a small mountain of packages, containing candies, nuts, fruits, clothing, toys and gifts of various kinds. The generous people of the community saw to it that no unfortunate child was neglected. Rev. W. E. Ellis had charge of the program, which consisted of readings, songs, short addresses, and the distribution of presents by a white-whiskered, regular-sure-enough Santa Claus.

The day was observed as a holiday in all the public buildings and nearly all the business houses. For the faithful many were rewarded for their patience by the vacation joys of the day. There were some, too, whose forethought in the pre-prohibition days enabled them to have a "wet" Christmas, though the number of these was fewer than before on account of the scarcity of stock.

RELIGIOUS.

The members of the Baptist church will have a social in the church on New Year's eve. A shower for the pantry and kitchen will be one feature of the evening. Every one is requested to bring something to eat in a pan or dish. The latter to be donated to the culinary department. There will be music, a social hour and an address by the pastor. At twelve o'clock a consecration meeting will close the happy occasion.

PRESENTS FOR POPULAR PARIS PASTOR

At the conclusion of the early morning service Christmas day at the Church of the Annunciation, in this city, Rev. Father Thomas Coleman, the popular pastor, was waited on by a committee of the congregation and taken to the pastoral residence adjoining the church. He was informed that a handsome Victrola and records had been installed in the home, and that a new Ford Sedan car waiting in front of the residence was also a Christmas gift from the members of the congregation as his "to have and to hold." Father Coleman accepted the handsome gifts in a brief speech full of feeling and thankfulness.

During the short time he has been in charge of the Paris church Father Coleman has become one of the most popular pastors the church has had in many years, in no way disparaging popularity of any former pastor. He has effected a large number of improvements in the interior of the church, which is now one of the handsomest church edifices in the State, and his wisdom and efficiency have made him a capable and well-loved pastor.

CHIEF LINK RETURNS WITH INDIANA PRISONER.

Chief of Police Link returned last night from Lafayette, Indiana, having in charge Robert Harding, a young white man, who was wanted here on a charge of grand larceny.

Harding was indicted by the grand jury at the November term of Bourbon Circuit Court on a charge of confiscating an automobile belonging to A. S. Pinney, of Bourbon county. Chief Link traced Harding to Lafayette, Ind., and got in communication with the police there. Harding was soon located and placed under arrest. Chief Link was armed with the necessary requisition papers from Governor Morrow, but Harding agreed to waive that formality and readily returned with the officer. He was placed in the Paris jail to await his examining trial in the County Court.

REAL ESTATE TRANSACTIONS

Jos. Houston, of Lexington, former resident of Bourbon county, sold recently to Calvin Jones, of near Paris, an improved farm containing 246 acres, located on the Lemon's Mill and Russell Cave pike, near Lexington, for \$250 an acre. Besides a substantial two-story residence the place has two new and substantially built tobacco barns and other improvements.

Stuart Urmstead, of this county, sold Friday, through the real estate agency of Harris, Speakes & Harris, of Paris, his farm of sixty-five acres, with improvements, located near Little Rock, to George Wasson, for \$225 an acre. The purchaser will get possession on March 1.

HON. J. H. THOMPSON A CANDIDATE FOR RE-ELECTION

In this issue of THE NEWS, Mr. James H. Thompson, Bourbon county's capable Representative in the Lower House of the Kentucky Legislature, announces his candidacy for re-election to that important post in the service of the people.

It has been the custom in the past to return to posts of duty officials who have proven competent and reliable. In this connection Mr. Thompson seeks an endorsement of his official acts at the hands of his constituents, for the purpose of finishing important legislative work which he played a conspicuous part in inaugurating. During his term of office Mr. Thompson inaugurated and successfully conducted a fight for reduction of burdensome taxation, and in that capacity gained the plaudits of his fellow men. He not only devoted his time and talents, but gave freely of his funds for furthering the interest of his constituents in that fight. He was the floor leader of the Democratic party in the last Legislature, and in that capacity demonstrated his ability as a leader of men and as a constructive and progressive campaign man.

He is very popular with the farmers of the county, and it is probable that no opposition will develop in his quest for a return to legislative duties at the State capital. In every campaign, local, State or National he has been in the forefront, and with pen and voice has helped fight the battles of Democracy. The Democratic voters of the county could make no wiser selection than by returning to the General assembly James H. Thompson, tried and true Democrat, a man of the people and for the people.

CITY COUNCIL PROCEEDINGS

The chief matter of business before the recent meeting of the Paris City Council was the recent raise in water rents announced by the Paris Water Company, in a schedule published in the Paris papers. A full Board of Council was present, with Mayor E. B. January presiding. A meeting will be held to-morrow night of the Finance Committee of the City Council with a special committee of the Paris Commercial Club, composed of President Edward H. Gorey, M. Peale Collier, A. B. Hancock and Judge Denis Dundon. At this meeting the action of the Paris Water Company will be carefully considered, and recommendations made to the Council toward action being taken to prevent the raise in water rates going into effect.

Another important matter taken up for consideration by the Council was the disposal of city garbage. A committee composed of Councilmen Spears, Moreland and Burke was appointed to investigate and make a report at a future meeting. A committee composed of Councilmen Williams, N. F. Brent and Geo. Doyle was appointed to supervise the drafting of a new ordinance regulating and restricting building, to be submitted to the Council for approval and adoption.

FINE FARM TO BE SOLD AT AUCTION ON SATURDAY, JANUARY 22, 1921

The Plummer & McClure farm, located on the Jacksonville pike, 3 1/2 miles from Paris, will be sold at public auction on the above date. Large advertisement to appear in this paper soon. (28-21)

CHRISTMAS SNOW CAME DAY LATE

The kiddies who found new sleds among their precious treasures on Christmas morning looked in vain for snow that day. But on the following morning to their great surprise and unbounded joy they found on awaking that the weather man had taken pity on them and had sent down a generous supply of snow. The snow began about 4:30 o'clock Sunday morning, and in a short time the ground was covered to a depth of three or four inches. Those kiddies whose liberties were unrestrained took advantage of the opportunity and made the most of it. Late Sunday afternoon the snow changed to sleet, then to rain. Sunday night and yesterday the streets were covered with slush, and at times the street corners were almost impassable.

KENTUCKY'S OPPORTUNITY

The Crops' Department of the College of Agriculture believe that Kentucky has a wonderful opportunity in the production of soybeans for seed, and with unfavorable prospects for large returns from tobacco, the soybeans is coming into more prominence every year as a cash crop in Kentucky. There are some counties in the State, like Ohio, that are already producing large quantities of soybeans that are being sold for seed. The Haberlandt is the variety that is displacing all the other medium and earlier varieties in the State at the present time, and there is a greater demand for soybeans for planting to be hogged down with corn in the corn belt States than can be supplied. The demand for Haberlandt is the greatest of all varieties. From the geographical position and the nature of the soil, Kentucky easily becomes ideally located for the production of enormous quantities of beans to be used for seed throughout the corn belt States.

Each of the several tribes of the Congo has its own dialect.

MONUMENT TO MEMORY OF EVANGELIST GEO. O. BARNES

A granite cross soon will be erected over the graves of Rev. George O. Barnes, famous Kentucky evangelist, and his wife, at Danville, according to persons who are leading a movement to raise funds among his friends to pay for the stone. The movement is under the direction of Mrs. Mary B. Craig and E. C. Walton, of Stanford.

Mr. Barnes was one of the best-known ministers in Kentucky for many years. He traveled from one end of the State to the other for a long time, and, according to his friends, visited virtually every city and hamlet in the State. His principal work, however, was in the mountains of Eastern Kentucky.

He was born in Paint Lick, Garrard county, April 22, 1827. He graduated from Centre College, Danville, in 1845, and in 1846 enlisted as a private in the First Kentucky Cavalry and served through the Mexican war. He returned to Kentucky in June, 1847, and in 1848 taught school at Stanford later, going to Savannah, Ga., where he remained until 1852, when he entered the theological seminary at Princeton University.

In 1854 he married Miss Marie Cowan, of Danville, sailing immediately afterward for India as a missionary from the Presbyterian church. He remained in Calcutta until 1860 when his health failed and he returned to Kentucky to take up the pastorate of the Presbyterian church at this place. In 1873 he resigned and went to Chicago as pastor of a chapel built by John E. Owsley, a wealthy resident of that city. He returned to Kentucky a year later and took up evangelistic work preaching in every part of the mountains and Bluegrass. Later he went to England and Wales, where he preached several series of sermons and around the world preaching in India, Australia and other countries. He returned to the United States in 1892 and continued his evangelistic efforts, later making another short trip to Europe. At the close of this trip he went to Sanibel Island, off the coast of Florida in the Gulf of Mexico, dying there in 1908. He was a believer in cures through prayer and laid hands on many sufferers.

One of the incidents of the noted evangelist's career was a sermon he preached to 200 coal miners far underground in the Eastern Kentucky mountains. He wrote a number of books on Biblical and religious subjects.

HAS ARM BROKEN AND ANKLE FRACTURED.

George Ewalt, son of Mr. and Mrs. Walker Ewalt, residing on Main street, is confined to his bed as a result of injuries sustained in a fall received Friday night.

Young Ewalt was on his way to the home of Mr. and Mrs. Omar Lytle, and was taking a short cut by way of the viaduct over the Claysville crossing of the L. & N. In the dark he made a misstep and was precipitated to the ground, a distance of about twelve feet. His cries attracted the attention of passersby who carried him to his home.

An examination made by physicians showed his arm broken and an ankle fractured. The injured members were set, and the young patient made as comfortable as possible. Young Ewalt is a member of THE NEWS' carrier force.

SWIFT & CO.'S WEEKLY PRODUCE MARKET REVIEW

Butter prices steadied during the last week. Lower prices being asked by retailers have increased consumption. The cooler weather also has made better trading and the supply continues heavier than during the same period last year.

Poultry prices at consuming centers have shown some weakness, in line with lower prices on other food products. The movement from the farms, however, has been normal at steady prices. Prospects are that the demand for dressed poultry will be only moderate for some time.

Fresh eggs are moving in larger quantities throughout the country, due to the mild weather, and with prospects for continued favorable weather, receipts will naturally show further increase, and markets should work much lower.

STALLIONS FOR THE ARMY REMOUNT STATION

Four stallions recently acquired by Colonel H. C. Whitehead, commanding the U. S. Army remount purchasing depot, in Lexington, which is headquarters for the States east of the Mississippi for purchasing horses for breeding purposes by the army remount service, have been shipped to Fort Robinson, Neb., from where they will be assigned to breeding stations in the spring. The horses shipped to Nebraska were Duke of Ormond, Mentor, from the stables of Otto Steffe, Sullivan, Mo.; Clemento, a three-year-old colt by Sweep, which was donated to the remount service by Ed F. Skinnis, of Xalapa Farm, Bourbon county, and Tom Pendergrant, a three-year-old, donated by Frank Thompson, of Olathe, Mo. Disposition of the stallion Hessian, purchased at the recent breeders' sale by the remount service, has not been determined. Col. Whitehead said, but it is thought that he will be kept in Kentucky.

MR. THOMPSON ANNOUNCES FOR RE-ELECTION TO LEGISLATURE.

TO THE DEMOCRATIC VOTERS OF BOURBON COUNTY, LADIES AND GENTLEMEN:

I take this opportunity to announce my candidacy for re-election to the office of Representative in the State Legislature.

I have served one term as the Representative of Bourbon County in the Legislature. It has been the custom of the Democrats of this county to return a Representative who has rendered reasonable service to his constituency. For this reason I feel that I may ask favor which has been granted my predecessors in office.

I have worked in the Democratic ranks for the past twenty-five years, during which period I have labored earnestly for the success of Democratic principles. I have not asked to be rewarded for my success, but am a candidate for the Legislature because of my interest in the welfare of the tax-payers of this county and of the State. My purpose in seeking the office in the first place was to try to relieve the tax-payers of some of the burdens which they are bearing. To this task I have devoted my efforts for a number of years. I am now encouraged to believe that the work which I started at the last session of the Legislature promises relief if prosecuted at the next session. My experience should be of value in advancing this work.

I submit my claims to the Democracy of Bourbon county upon the assurance of my interest in the welfare of this community and pledge my efforts to promote that interest to the best of my ability.

Respectfully,
JAS. H. THOMPSON.

RAISE IN WATER RENTS

Patrons of the Paris Water Company have been notified that an increase of about forty per cent. in their water rents will go into effect on January 1, 1921. The matter was taken up at a recent meeting of the City Council and a committee appointed to confer with a committee from the Paris Commercial Club to investigate the action.

Great Britain had 31,000 horsemen in the wars with Napoleon.

STATE ON TRAIL OF DOG TAX EVADERS

Any person who keeps a dog and fails to pay the tax on it is subject to a fine, according to announcement of W. C. Hanna, Commissioner of Agriculture, Labor and Statistics.

One result of the announcement of Mr. Hanna has been that 1,400 citizens of Christian County have been indicted by the grand jury for failure to pay the dog tax. The tax is \$2 for a female and \$1 for a male dog, but the court costs, according to Hopkinsville reports, will swell the total in each case to a minimum of \$16.

The law was passed in 1918. "Will you not," asks Mr. Hanna, in letters to County Attorneys, "make some prosecutions in your county and see if this will not aid in bringing about a better enforcement of the law?"

"I will at all times," he adds, "and as far as possible, furnish a field man to assist in ferreting out the names of those who have unlicensed dogs, if it is desired."

MAN O' WAR COMING TO LEXINGTON.

Miss Elizabeth Dangerfield, of Haylands farm, returned to Lexington last week from Philadelphia, where she saw Samuel D. Riddle, owner of Man o' War, and conferred with him regarding plans to bring the famous racer to Kinata farm, which is leased by Miss Dangerfield.

Mr. Riddle will come to Lexington after the holidays to make final arrangements for the coming of Man o' War soon after the first of the year. Miss Dangerfield said the proposed plan to hold a public reception in which Man o' War would participate would be taken up with Mr. Riddle when he comes to Lexington, and that no arrangements will be made for any home-coming reception until it has received the sanction of the super-horse's owner.

DOG TAX DUE JAN. 1.

License tax on Bourbon county dogs will be due on January 1, 1921. County Clerk Pearce Paton is preparing to do some business in that line, as is incidentally County Judge George Batterson, since, according to the new law, those who fail to pay the tax are subject to grand jury indictment.

Some are preparing to pay the tax beforehand, in order to evade any possibility of grand jury indictment. Others, it is expected, as in everything else, will not report so promptly. The number of dogs in the county is likely to be decreased next year, as a result of the new law.

It is heroic to stand for the right when others sneer, and condemn you for doing so.

OPPOSED TO USING CONVICTS ON ROAD.

Opposition to the use of convicts in road work has been expressed by former Chaplain Walter Q. Vreeland, of the Frankfort Reformatory, in a letter to Hon. H. Green Garrett, of Winchester, chairman of the Kentucky Highway Commission. Mr. Vreeland, who is now pastor of a church at Simpsonville, expresses the opinion that, aside from the danger to the communities in using convicts on road work, as shown in the lamentable tragedy which cost the life of Miss Laura Parsons, in Harlan county, the exposure of the convict to public gaze humiliates and hardens him and makes all the more difficult the work of reformation.

Besides these reasons for his opposition Mr. Vreeland says experience has shown the difficulty of having direct supervision over convicts while engaged in road work and the impossibility of protecting the men from gambling, from the curiosity seekers, loafers, bootleggers and "the most depraved type of immoral women."

Mr. Vreeland's letter to Chairman Garrett says that in any community to which convicts are sent women and children are terrorized by their presence, and that the convicts themselves are constantly liable to the charge of committing any and every crime that may be committed where they are located in such camps.

CATCHING COLD

MINTOL OFTEN PREVENTS PNEUMONIA.

It is surprising to read in the daily papers of treatments that our forefathers and grandmothers used for coughs, colds, catarrh and bronchial affections. It impresses the writer with the fact that modern scientific re-search had not advanced an iota, when, as a matter of fact, there have been wonderful advancements in the treatment of all diseases and conditions that bring on disease. Just because grandmother used old-fashioned mustard plasters for relieving colds and congested conditions it is no sane reason why we should resort to the old antiquated methods when there have been such wonderful improvements and new discoveries of remedies which are far more effective and less painful to use.

SPECIAL NOTICE—A druggist said the other day that a customer came into his store and inquired for a mustard plaster and he suggested to the customer that he try MINTOL as a more modern treatment for congested conditions. The customer accepted the druggist's suggestion and in twenty-four hours the same customer came into the druggist and said: "How long have you handled MINTOL?" The druggist replied that he had been handling it for some little time and the customer frankly stated that he would never use a mustard cream or plaster for colds, coughs, or any congested conditions again. There are thousands of others who would say the same as this druggist's customer did, if they would only try MINTOL. If your druggist cannot supply you we will mail you a jar on receipt of price—35c. 60c and \$1.25 a jar. The Home Relief Laboratories, Boston, Mass. (adv)

ONE SECRET OF CO-OPERATION

The farmers who are starting co-operative marketing associations should keep in mind one principle which seems essential. These societies should be given control of the entire product of the members of the association.

Many co-operative associations have failed because they were not assured that they would have the handling of the entire crops of the members. If the latter got what seemed to be a good outside offer, they would take it up, and the association could not depend upon a regular trade.

Of course it might be a good idea to give members of such associations rights to dispose of surplus products at times when the market is glutted.

CAN'T KEEP IT DOWN

You can't keep a good man down, says the old phrase. No more can you keep a good country down. Many business men have been talking in a rather blue way, seeing certain immediate difficulties in the way of prosperity.

The American temperament does not trifle with the problems it meets. Its buoyant enthusiasm, its unbounded energy, go to work whenever difficulties present themselves, and it thinks out ways to meet these obstacles and remove them.

So it will be with all the problems that confront the United States at this moment. Inflated credits, high prices, class feeling, social unrest, all these obstacles have to be faced and conquered. The same spirit that cut down the forests and built railroads and laughed at all impediments will not be daunted by the economic and civic problems of these times.

Death.

Death is not terrible—when you think how many dear ones you will but be following—and they'll be somewhere—waiting—that all the people of history came to die one time—why it is very natural and gentle—not awful at all. Only hard for those lonely ones it leaves behind. Sad for them, and because of any work unfinished.—Exchange.

—Dr. C. C. Fisher is recovering from a severe spell of hiccoughs, lasting several days.

—See next issue for the result of election of officers in Amity Lodge No. 40 F. and A. M.

—The Sunday School of the Christian church presented every Sunday school pupils with a Christmas treat on Sunday morning.

—Semi-annual election of officers in Hallack Lodge No. 107 I. O. O. F., Thursday evening, every member urged to be present.

—Mr. and Mrs. B. F. Hensley and daughter, Miss Patsy Clay Hensley, of Millersburg, spent the Christmas holidays with relatives in Winchester.

—THE SICK—Mrs. Clara Shanks, Mrs. Anna Darnall and Mrs. Fannie Norton, continue about the same. Mrs. R. M. Caldwell is improving nicely at Massie Memorial Hospital, Paris.

—Miss Mary McDaniel, of Millersburg, who has been a teacher in the seventh and eighth grades of the Cyathiana High School, has resigned her position, and after the holidays will go to Irvine to teach in the Public School.

—On Thursday afternoon Santa Claus appeared at the Methodist church and presented presents to the Sunday school. He visited the Baptist church on Friday evening, dispensing presents to that Sunday school from a well-filled tree.

—Mr. B. F. Hensley, Master of Winchester Lodge, F. and A. M., presided over his lodge at the annual election of officers Monday evening. Mr. Hensley has resided in our midst since last fall, and has been much handicapped in his official duties as Master, of Winchester lodge since his removal here.

—The little folks of the Presbyterian Sunday school held their Christmas entertainment at the church last Wednesday evening, which consisted of a play by the little folks, who were coached by Mrs. W. W. Morton, and Miss Ruth McClintock. At the close of the play Santa Claus appeared and dispensed gifts from a well-laden tree to all present. The same Santa in the person of Mr. M. D. Hurst, dispensed the presents one year ago. The little folks were as glad to greet him as they were then.

—Mrs. Julian G. Allen, of Millersburg, formerly Miss Josephine Briggs, of Frankfort, was honor guest at a bridge party given in Frankfort last week by Miss Ann Hager, of Lexington. The prize for the highest score was won by Miss Margaret Allen, of Millersburg, and a guest prize was presented to Mrs. Allen. Christmas greens were used with pretty effect in the rooms and at the conclusion of the games a delicious luncheon was served. Among the guests were Misses Margaret Allen, of this city, and Mrs. Jane Adams Clay, formerly of Paris.

—The student body of the Graded School celebrated their Christmas with a Christmas tree Friday afternoon. At two o'clock an interesting program was rendered, consisting of choruses, vocal solos, duets and readings, which was enjoyed by a large audience. At three o'clock Santa Claus entered the spacious gymnasium, to the delight of the 200 students and faculty. All were well remembered, and in a short time after the dispensing of presents had begun Santa Claus was compelled to call for assistance. The occasion was a delightful one, long to be remembered. Mr. W. F. Saunders, as Santa Claus, will never be forgotten by the many to whom he dispensed presents.

—The following are among the number who are spending the Christmas holidays with friends and relatives here: Miss Nannie Louise Best, of Sayre College, Lexington, with her brother, Mr. A. S. Best, and family; Mr. Fred Hill, of Center College, Danville, with his parents, Mr. and Mrs. G. L. Hill; Miss Julia Howe, of Covington, with her niece, Mrs. W. A. Butler; Miss Elizabeth Miller, of Transylvania College, Lexington, with her brother, Mr. A. S. Miller, and wife; Dr. and Mrs. Richard Huffman, of Cincinnati, with her mother, Mrs. Mary L. Huffman; Miss Ethel Fisher, of New York City, with her parents, Dr. and Mrs. C. C. Fisher; Mr. and Mrs. C. W. Howard, of Lexington, with her sisters, the Misses McIntyre; Mr. Lee Clarke, of Louisville, with his parents, Mr. and Mrs. J. S. Clarke; Miss Caroline McIntyre, of Wellesley College, Mass., with her parents, Mr. and Mrs. W. D. McIntyre.

Japanese Sport With Fireflies.
Besides being a business, firefly catching is a sport in Japan. Little girls pursue it with their fans, boys with wands to which a wisp of yarn is fastened. Nor do the elders disdain to join the sport. They also organize festival parties to visit certain spots, long known and famous, to witness the beautiful spectacle of the fireflies swarming. Special trains, carrying thousands of visitors, are run during the season to Uji, the most renowned, to behold the Hotara-Kassen, or Firefly battle.

Javanese Poor Coffee Makers.
Travelers say that nowhere in the world is coffee, as a drink, worse than in Java, where the coffee bean is supposed to be at its very best. The Javanese distill coffee essence of extreme strength, bottle it, and pour a few drops into a cup of hot water when they desire refreshment.

Remarkable Family.
At Waltham Cross, England, Mr. and Mrs. G. C. Heathcote are heads of a family of five sons, four daughters, 33 grandchildren and five great-grandchildren. Among them they play 45 instruments, seven granddaughters the organ, pianoforte and violin, and two great-grandchildren the organ.

WITHOUT PROCESS OF LAW

Cowboy Quickly Settled Matter in Dispute, and No One Appealed From the Decision.

For some time after the opening of regular passenger service, the Central Union Pacific railroad's subordinate departments were rather crude. The sleeping cars were comfortable, but there were no dining cars, and the facilities at the "restaurant" stations were decidedly primitive.

When the eastbound train arrived at Cheyenne one morning, the passengers in the sleeper, all but one small group, responded promptly to the summons. "Thirty minutes for breakfast!" They passed into the large tent which was equipped as a dining room; long planks on rather high "horses" covered with white "domestic" for tables, and single planks on smaller "horses" for benches at the sides. But the food was excellent, varied, bountiful, and admirably cooked, while the flapjacks and maple syrup were delicious.

The one group that had not left the sleeper consisted of Colonel Templeton, his young wife, and their six-months-old baby. When all who intended to take breakfast were seated and had served themselves or been served, the colonel reached over and took a milk jug, from which he filled the baby's mug and proffered to the proprietor a dollar, the price of a full meal.

The proprietor refused the money and with needless emphasis said: "You ken eat all you want, but yer can't take nothing away!" "But I've eaten nothing and am taking only a cup of milk for my baby."

While the proprietor was emphasizing his indifference to the baby's needs, there was a commotion on the side of the table toward the exit and presently a typical cowboy swung himself over and drawing his gun, marched up to the proprietor and pointing the muzzle of the pistol at his face, said, "Let the baby have his milk!"

The proprietor did not hesitate, but said to the colonel, "All right, go on!" Then the colonel extended the dollar bill, whereupon the cowboy swung upon him and shouted, "Are you goin, to give a dollar for a cup of milk? Get outen here!" The colonel got, nor did the proprietor offer to detain him. The crowd cheered, while the cowboy returned and ordered a plate of fresh flapjacks.—Exchange.

A HOME COURSE IN DOMESTIC SCIENCE.

"Twenty Lessons in Domestic Science" by Marion Cole Fisher has recently been received by us for review.

This is a complete advanced course in domestic science and home economics boiled down to meet the requirements of the housewife and the student.

The entire course consists of twenty parcel lessons—one hundred pages filled with the most valuable information the housewife can possess—heretofore taught only in domestic science schools.

Do you know the relative value of food, which fruits to use for cooking, what purpose salads serve, the correct use of condiments, about proper kitchen equipments, about U. S. Government's bulletins, how to reduce the high cost of living, how to promote and protect your own and your families health, how to make house-keeping simpler and more economical and pleasant by utilizing modern science in the home?

This book, we note, is priced at \$2.00 per copy and from what we understand it contains a complete \$100.00 college course, condensed, and it is practically free to every interested housewife.

The Home Economics Department of the Calumet Baking Powder Co., 4100-28 Fillmore St., Chicago, Ill., will be pleased to place this book in any interested parties hands upon two slips taken from 1-lb. cans of Calumet Baking Powder and twenty cents to cover cost of postage and packing. (adv)

Confidence is a plant of slow growth. It must be carefully nurtured. It must be guarded zealously day and night, year in and year out.

It has been estimated that about 2,000,000,000 chicks are hatched in the United States every year.

On dark nights a white light can be seen farther than any other, but on light nights red takes the first place.

MATRIMONIAL.

F. M. Douthitt, 26, farmer, of near Paris, and Miss Bessie Travis, 20, of Lexington, were granted marriage license Saturday by the County Clerk of Fayette county, at Lexington.

A marriage license was issued Saturday from the office of County Clerk Pearce Paton to Shelton T. Ashpaugh, 17, of Bourbon county, and Miss Lillian G. Courtney, 16, of Sadleville, Scott county.

MARR-DOTY

At a dinner party given at the home of Miss Martha Purdy, near Millersburg, the engagement of Miss Esther Marr and Mr. James Doty, both of Millersburg, was announced. The wedding will take place early in the new year.

LAWSON-GRINNAN

The marriage of Mr. Chas. Grinnan, son of Mr. and Mrs. James W. Grinnan, of Lexington, formerly of Paris, to Miss Ruby Lawson, of near Lexington, took place last week at the home of the officiating minister, Rev. Dr. T. C. Ecton, in Lexington. The witnesses were the bride's parents, Mr. and Mrs. J. F. Lawson, Ernest Lawson, Miss Blanche Lawson, Mr. and Mrs. W. B. Martin.

Mr. and Mrs. Lawson and Ernest Lawson entertained with a sumptuous Christmas dinner Saturday at their country home on the Richmond pike, near Lexington, in honor of the newly-weds. Other guests were Mr. and Mrs. James W. Grinnan, Mrs. George Moody, Dwight Moody, Sater Moody and Miss Virginia Moody, of Richmond; Miss Blanche Lawson, of Madison county; Dr. and Mrs. T. C. Ecton, R. B. Hart, Miss Lena Hart, Mr. and Mrs. W. B. Martin, of Lexington.

Mr. Grinnan resided in Paris for several years, while his father was engaged here in the harness and auto repairing business. He is well-remembered by his friends here, who wish him and his fair bride a long and happy wedded life.

CHAUNCEY OLCOTT'S PLAY HAS PLEASANT THEME

Chauncey Olcott, in "Macushla," the comedy of good cheer, begins his engagement at the Lexington Opera House, Friday and Saturday, with matinee New Year's Day.

It has been a long time since so much local interest has been disclosed in a new play. The comedy that Rida Johnson Young has fashioned is said to be the best enjoyed by men and women of experience and understanding. A. L. Erlanher has bought "Macushla" to the stage just at an opportune time when playgoers are surfeited with morbid themes and wearied by a long procession of crooks, detectives and hectic exponents of the sex triangle. Optimism was never more needed than now in the world's affairs and the diversion of the people.

Mr. Olcott will be aided by an excellent company in presenting "Macushla," and between them they will spread good cheer broadcast and contribute to the enjoyment of countless thousands in all conditions of life.

Prices: Night, 86 cents to \$2.20; matinee, lower floor, \$1.65; balcony, \$1.10; gallery, 55 cents. Tax included. Seat sale Wednesday. (adv)

CLUB DIRECTORY FOR YEARS 1920-1922

According to information received here by officers of the Bourbon county Women's Club, a complete directory for 1920 and 1922 will be made by the officers of the General Federation of Women's Clubs during the next few weeks. It is expected further that they will build up a helpful reference in the library of the organization through a clipping bureau, and affiliate with all National organizations and Government bureaus in Washington, which are in a position to co-operate with the organization. A personal communication will be arranged with each Club in the country through the National Bureau.

FINAL POPULATION FIGURES FOR KENTUCKY.

Final population figures for Kentucky under the 1920 census made public, show a slight increase over the preliminary figures announced several months ago. The preliminary figures gave the State a population of 2,416,013, while the final figures announced is 2,416,630. This increase of 617 will make no change in Kentucky's rank as the fifteenth State. The increase between 1910 and 1920 was 126,725, or 5.5 per cent. as compared with 142,731, or 6.6 per cent. between 1900 and 1910.

THE HILARITY MINSTRELS AT MILLERSBURG WEDNESDAY

The Twentieth Century Hilarity Minstrels, composed of Paris talent, which recently gave a very creditable performance in the Paris High School auditorium, will give a performance at the County High School auditorium, in Millersburg, tomorrow, Wednesday, December 29, for the benefit of the High School. The curtain will rise promptly at 8:15 p. m. Admission, adults, 75c; children, 50c. Be in your seats before the curtain rises.

It is estimated that automobiles and automobilizing cost the people of this country \$600,000,000 annually.

MANY THANKS

The thanks of THE NEWS force are extended to General Secretary C. B. Harrison, of the Bourbon County Y. M. C. A. for a generous donation of real smoking cigars, the kind that satisfy. Secretary Harrison brought the Christmas reminders in person, delivering to the recipients a neat little Christmas sentiment along with the "smokes." Thanks!

Y. M. C. A. NOTES

The regular afternoon meeting at the Y. M. C. A. was not held last Sunday afternoon, on account of the Christmas festivities.

During the holiday week the following schedule of hours for boys at the Y. M. C. A. building will be in force: Boys under ten: Monday and Wednesday, 2:30 to 5:30 p. m.; Boys, ten to twelve, daily, 2:00 to 5:30 p. m.; Boys, thirteen to eighteen, daily, 9:30 to 12:00 a. m.; 2:00 to 5:30 p. m.; 7:00 to 9:30 p. m.

A special New Year's open house program will be observed Saturday afternoon, when a good time is promised all who attend.

TRUCK DAMAGED IN COLLISION WITH CAR.

Miss Opal Mallory, daughter of Mr. and Mrs. J. W. Mallory, of Paris, received a severe shaking up and slight bruises when the car in which she was riding collided at the corner of Fifth and Pleasant streets with a truck belonging to the Harry Simon Department Store.

The truck, driven by Lawrence Samuels, colored chauffeur, was badly damaged and put out of commission. Miss Mallory's machine escaped with a bent fender. Both machines were sent to a garage for repairs, and Miss Mallory was taken to her home, where she received medical attention.

COUNTY CLERK ISSUES WARNING TO MOTORISTS

Warning to motorists that they are required by law to obtain their licenses for the new year before January first, were issued yesterday by County Clerk Pearce Paton. Mr. Paton said many motorists were of the opinion they could obtain their licenses any time, if their cars were not being used. He emphasizes, however, that the law exempts none except those sick or absent from the city. Penalties are attached for failure to obtain licenses promptly.

Some question has been raised on the point of licenses for cars in storage. Mr. Paton pointed out that the safe thing for all motorists is to obtain their licenses at the required time. Delays are dangerous!

SIMON'S STORE GETS EXTENSION OF TIME.

We desire to thank our many friends and customers for their patronage in the past year, and for their good wishes and patronage in the past twenty-six years we have been here.

We find that we cannot close out our business here in the time specified and have concluded an arrangement with Baldwin Bros. by which we are given an extension of one month and possibly two months after the first of January. For this reason we prefer to remain and give the people of Paris and Bourbon county the benefit of low prices on our stock in preference to sending the stock to an auction house. We thank you heartily!

HARRY SIMON DEPT STORE.

BASKET BALL GAMES AT THE Y FRIDAY

The first basket ball game following the Christmas holidays will be played at the Y. M. C. A. gymnasium in this city Friday night between the teams of the Paris and Frankfort Knights of Columbus. The game will be called promptly at 8:00 p. m.

The Paris team has played but one game since its organization when they met defeat by the Lexington team on the local Y floors. But in that game they showed high class, with a promise of developing higher class in future games. The members of the team have been engaged in strenuous practice work since their first game, and feel confident of giving a good account of themselves in the coming struggle. The Frankfort team has achieved honors on the basketball floor and will prove worthy antagonists in every way.

The game should be well patronized by local people. Come out and root for the local team. The admission has been placed at twenty-five cents for school children, and thirty-five cents for adults.

MILDREDINA HAIR REMEDY

Grows Hair and We Can Prove It By
Hundreds of Testimonials

It never fails to produce the desired results. It enlivens and invigorates the hair glands and tissues of the scalp, resulting in a continuous and increasing growth of the hair. Letters of praise are continually coming in from nearly all parts of the country stating that Mildredina Hair Remedy has renewed the growth of hair in cases that were considered absolutely hopeless. A lady from Chicago writes: "After a short trial my hair stopped falling and I now have a lovely head of hair, very heavy and over one and a half yards long."

A Long Thick Growth of Hair
"After using two bottles of Mildredina Hair Remedy, I have a long, thick growth of hair and free from itching," writes Mrs. T. A. Falardeau, Jefferson City, Mo.

ASKS LEGIONNAIRES TO GIVE THOUGHT TO DEAD.

A thought for those who died in the World War is asked of more than 15,000 Kentucky members of the American Legion during the Christmas season, by M. K. Gordon, Madisonville, State Commander, in a Christmas message mailed throughout the State from headquarters at Louisville.

The message follows:

"Legionnaires:

"Millions of home fires in America are twinkling in happy security this Yuletide. Let us give a thought for these firesides which miss one of our comrades; and let us again pledge our faith to our great country and to our own American Legion which is inspired by the Christmas spirit of peace on earth, good will to men."

FIRE IN CHURCH FROM OVER- HEATED BOOZE STILL.

Fire which broke out in a church at Hanford, Wash., was declared by deputy sheriffs to have been caused by an overheated whisky still which was in full operation in the basement. The basement was rented by J. H. Brooks, a butcher, for whom a warrant has been issued on a charge of operating a still. The church was not badly damaged by the fire.

IT SEEMED LIKE I COULD NOT LIVE

Recovery After Years of Suffering
Was a Great Surprise to
Memphis Woman

"Tanlac acted altogether different from other medicines I have taken, for it went right after my troubles at once, and now after taking only three bottles I am a well woman," declared Mrs. Maud H. Miller, 641 Demper street, New South Memphis, Tenn.

"About three years ago I began suffering from stomach trouble, which continued to grow worse until at times it seemed like I could not live. I had indigestion so bad I couldn't eat a single thing without its hurting me, and my liver was very inactive. After every meal I would bloat up with gas until I could hardly breathe, and my heart acted so queerly that at times I was actually frightened. I was extremely nervous, could not stand the least noise around me, and it was simply impossible for me to get a good night's sleep. I felt tired and worn out all the time, and was so badly constipated I had to continually take something for this as well as my other troubles.

"Some of my friends and relatives had taken Tanlac with such fine results I decided to try it myself. Well, sir, I now have a splendid appetite, can eat just anything I want and never have a sign of indigestion. My liver is active, my nerves in fine shape, I sleep well and have regained my strength so that I can do my housework with greater ease than in years. To tell the truth, there has been such an improvement in my condition I am actually surprised at it, and as Tanlac deserves all the credit I can never say enough for it."

Tanlac is sold in Paris at the People's Pharmacy.

NEW SLOGAN FOR THE WOOL GROWERS.

"Buy a Suit of Virgin Wool Clothes—Clothes Made of Wool Directly from the Sheep's Back!"

This is the new slogan proposed for the farmers and stock raisers of the United States by George M. Wilber, who is prominently mentioned for the position of Secretary of Agriculture in the Harding cabinet. He made the proposal at the International Live Stock Exposition, Union Stock Yards, Mr. Wilber is a life-long friend of the President-elect and comes from Marysville, O., not far from the Harding town of Marion.

"Wool cloth manufacturers complain of business stagnation due to the failure of the people to buy clothes," he said, "in discussing the wool situation with the farmers and stockraisers. 'It is the sale of shoddy cloth and at virgin wool prices under cover of the misunderstood popular term, 'all wool,' that has caused the people to become rebellious and to quit buying.

"Conditions have reached such a grave state that something must be done to save the wool growers from bankruptcy. Conditions in the west are far worse than in this part of the country. In view of the tight condition of the wool market and of the millions of pounds of virgin wool unsold and in storage in this country, the only thing to do seems to be to acquaint the consuming public with the fact that a large part of the apparel sold as 'all wool,' which the public thinks means virgin wool, is shoddy, re-worked rags. To protect itself, the public must ask for virgin wool cloth and insist upon getting it."

THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor, read this statement:

Mrs. John Mastin, 1439 High St., Paris, says: "I have used Doan's Kidney Pills with very good results, for while I have never had any serious kidney trouble I can tell by the help they gave me that they would be beneficial for kidney trouble. I had a dull aching across the small of my back and my kidneys acted irregularly. The use of Doan's Kidney Pills rid me of these complaints and I have faith enough in them that should I ever need a kidney remedy I would certainly use Doan's Kidney Pills."

Mrs. Mastin gave the above statement November 9, 1916, and on November 13, 1920, she added: "I still have the same good opinion of Doan's Kidney Pills as when I endorsed them before and I use them occasionally when I require a kidney tonic. They never fail to do me good and I am always telling my friends of the merits of Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mastin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

BUICK

EVERYBODY knows Buick builds six-cylinder
Valve-in-Head automobiles.

- that Buick sold its entire 1920 out-put long before the end of the season.
- that Buick has sold a large percentage of its 1921 schedule.
- that Buick users are Buick salesmen.
- that Buick car values are 100 per cent.

Added to their recognized high service value the new Buick models possess a distinctive beauty. Their graceful lines and handsome appointments merit the pride which early buyers have expressed.

Nineteen Twenty One Buick automobiles have more improvements than any Buick models in the past five years and 1921 models represent 25% greater used car values.

Many of our spring deliveries are already contracted for. Thousands have been disappointed during past years because of the shortage of Buick cars.

The matter of present purchasing should receive the immediate consideration of motor car buyers.

CORN LEADS TOBACCO AS STATE "MONEY CROP"

Fourteen Kentucky crops this year were valued at \$229,927,000, the Department of Agriculture has announced. Corn heads the list with a production of 100,650,000 bushels at \$82,533,000. Tobacco ranks second with a production of 467,560,000 pounds valued, according to the department's figures, at \$70,125,000. This estimate was made on a basis of 15 cents per pound.

Only America Can Keep These Pots Boiling

This snapshot of an American feeding kitchen in still prostrate eastern Europe shows what America means to the otherwise helpless childhood of the war-swept nations. Funds supporting these outposts of succor and other agencies for the relief of children stricken by the disease caused by under-nutrition have run out, and that the work may not cease, depriving millions of the innocent of their only hope for life, eight great American relief organizations under the name of the European Relief Council are banding together in a joint appeal to the American conscience in their behalf. These agencies are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

AN APPEAL TO THE AMERICAN PEOPLE

Three and one-half million children in Eastern and Central Europe have no alternative to disaster between now and next harvest except American aid. For months these most helpless sufferers in the track of war have been admitted to American feeding-stations only if tragically undernourished, and have received American medical aid only if desperately threatened by death from disease.

Winter is closing down. The money of many nations is valueless outside their own boundaries. Economic and crop conditions make famine, with its terrible train of diseases, a certain visitor until next harvest. Inevitably the helpless children will suffer most. No child can grow to health and sanity on the pitiful makeshifts for food with which millions of European adults must content themselves this winter. It is obvious that the remedy can come only from outside.

America saved 6,000,000 European children winter before last. Normal recuperation cut the need nearly in half last year, but unusual conditions have resulted in scant shrinkage of child destitution during the twelvemonth just past. The response of America must now decide whether 3,500,000 of these charges, in acute distress, shall begin to be turned away in January from more than 17,000 asylums, hospitals, clinics and feeding-stations dependent on American support. There would be no tragedy in history so sweeping or so destructive of those who can deserve no evil.

The undersigned organizations, working among every race and creed, many engaged also in other forms of relief, agree unanimously that the plight of these helpless children should have complete priority in overseas charity until the situation is met. This is an issue without politics and without religious lines. There can be no danger of pauperization, for the \$23,000,000 for child food, and the \$10,000,000 for medical service that we seek, will relieve only the critical cases. The medical supplies, of course, must be an unqualified gift, but for every American dollar used in child-feeding, the governments and communities aided furnish two dollars in the form of transportation, rent, labor, clerical help, cash contributions and such food supplies as are locally obtainable.

America has not failed in the past in great heartedness. She has never had a more poignant call than this. Contributions should be turned over to the local committees which are now being formed for this national collection, or sent to Franklin K. Lane, Treasurer, Guaranty Trust Co., New York City.

Playing Mother and Father to His Baby Brother

This is a common sight in Poland today, eight and ten-year-old children mothering and fathering their baby brothers and sisters. This photograph, secured by an American Jewish Relief worker at Brest-Litovsk, shows an eight-year-old boy feeding his little brother from a bowl of hot soup just secured at a feeding station supported through American funds. The relief workers found 10,000 children, mostly war orphans, living in deserted dug-outs at Brest-Litovsk.

It is to aid such waifs as these that the European Relief Council has been formed by merging the relief activities of the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Federal Council of the Churches of Christ in America, the Jewish Joint Distribution Committee, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

COLVIN GIVES REQUIREMENTS OF SCHOOL SUPERINTENDENTS

Complying with the provision of the school laws passed by the last session of the General Assembly providing that "no person shall be eligible to the office of county superintendent of school who does not hold a proper certificate in scholarship, administration and supervision," Superintendent of Public Instruction George Colvin has announced the qualification applicants must have before becoming eligible for the office.

Applicants must fulfill the following requirements: Graduates of a university of standard college, or graduate of a State normal or of a standard junior college, or of a standard high school with two years' work in a university or a standard college, or a State diploma or a State certificate.

Qualifications in administration and supervision are as follows: One year's work in an established course in administration and supervision in a recognized institution of college or university rank, or three years' experience as superintendent, city or county, or as supervisor, within the last five years, or five years' experience as teacher, in the last seven years.

DEATHS.

STEELE.

—Information was received in Paris, Friday, by T. T. Templin of the death at Greenfield, Ohio, of his nephew, Carl Steele, who was killed in an automobile accident. Mr. and Mrs. Frank E. Faulkner, of Paris, the latter a cousin of the deceased, attended the funeral and burial, which took place in Greenfield, Saturday afternoon.

JOSSELYN

—Nathan R. Josselson, member of the Josselson Furniture Co., died Sunday in the King's Daughters Hospital, in Ashland, after an illness of only two hours. He was a native of Russia, and was a cousin of Joseph Josselson, who conducted a general merchandising business in Paris several years ago. He leaves a widow, one son, three brothers and one sister. The body was taken to Baltimore for interment in the Jewish Cemetery.

LANGSTON

—The Centralia, Mo., Courier, notes the death in that city recently, of James F. Langston, aged eighty-nine years, a former resident of Bourbon county. The Courier says: "James F. Langston, aged 98 years, died Saturday night at his home south of town, near Stephens Store, of infirmities of old age. He is survived by one son, Joseph, and one daughter, Mrs. Ed. Bright. He was born in Bourbon county, Ky., September 25, 1831, and had lived in Boone for many years. The Courier joins the community in extending sympathy to the bereaved ones."

Mr. Langston was born on the farm now owned and occupied by Joseph H. Ewalt, near Ewalt's Cross Roads. He was a son of the late Jacob Langston, his mother being a sister of the late Joseph Northcott, a prominent Scott county farmer, and was closely related to Mr. Robert Langston, of Paris.

HANLEY.

—Several days ago Mr. Paul Hanley, a former resident of Paris, who had been engaged in farming on the Bethlehem pike, near Paris, suffered a stroke of paralysis while at work. Other complications ensuing caused his death Friday afternoon.

Mr. Hanley was a native of the Riddles Mills vicinity and was in his forty-third year. After leaving the old home place he came to Paris, where he was engaged in business for several years, moving from this city to the farm where he died. Mr. Hanley was a man of amiable disposition, and had a large circle of friends in Paris and the county, who sincerely regret his death.

Mr. Hanley is survived by his widow, one son, Paul Hanley, Jr., and three sisters, Miss Winnie Hanley, of Paris, Mrs. James Ryan, of Georgetown, and Mrs. Joseph Shannon, of Covington.

The funeral was held yesterday morning at nine o'clock at the Church of the Annunciation in this city, with services conducted by Rev. Father Thomas Coleman. The interment followed in the Paris Catholic Cemetery. The pall-bearers were: John Spears, Frank Sullivan, James Hanley, Jack Turney, John Shannon and Edward Owsley.

NEWSPAPERMAN BEST DETECTIVE.

The American newspaperman is the best detective there is. He daily proves it, and he sometimes admits it. Now there's Michael Collins, the strong-arm man of Sinn Fein, "Mick," as every Irish Republican calls him. For more than two years agents of the British government have been looking for this acknowledged leader of the Irish army, which, though not definitely mobilized, is burning police barracks and shooting British officials from behind hedges. Every policeman and officer in Ireland carries Collins' photograph and description and has orders to arrest him at sight on the charge of directing assassinations. They can't get near him. Yet over to Dublin goes Carl Ackerman, correspondent of an enterprising Philadelphia newspaper, and secures a two-hour interview with this very genuine celebrity. It sounds like an authoritative interview, too; one containing statements of policy which Lloyd George's government might like to get hold of. Ackerman, of course,

started with some advantages which the agents of Scotland Yard don't have. He was personally known to some of "Mick's" friends as a chap who could be trusted. That's always the newspaperman's greatest asset when he's on a difficult and dangerous job.—Lowell (Mass.) Courier-Citizen.

REAL ESTATE TRANSACTIONS

Mitchell, Moreland & Mitchell, of Paris, sold Wednesday for W. A. Lewis, his farm of 120 acres, located on the Hume and Bedford pike, to Jesse Booth, of Fayette county, for over \$400 an acre. The farm is one of the best bodies of land in Bourbon county, and this sale makes the fifth time it has changed hands in the past year, each time at a good advance in price. The same farm also sold to Mr. Lewis a house and one acre of ground, located on the Lexington and Versailles pike, near the city limits of Lexington, for \$8,000. Mr. Lewis will get possession of and move to the property on March 1.

MOVIE MEN TO RAISE TWO AND HALF MILLIONS

The motion picture industry of America has pledged itself to Herbert Hoover to raise \$2,500,000 to succor starving children in Europe.

Mr. Hoover, addressing a conference of film magnates meeting to discuss plans for combating proposed Sunday "blue laws," asked that they arrange to rescue 250,000 of the 3,500,000 children reported in imminent peril of starvation, saying relief societies would be forced to suspend operations unless aid came within sixty days.

William A. Brady, president of the National Association of the Motion Picture Owners of the United States, then pledged the industry to raise \$2,500,000.

The first year of the new Austrian republic closed with a deficit of 18,000,000 crowns.
